

# Engage

## Outside counsel management

Maximise the value of engaging outside counsel with LawVu's e-billing, spend and vendor management software for in-house legal counsel.

**Engage** allows in-house legal teams to manage e-billing, spend and vendors from one centralized and secure platform.

Integrating with LawVu's Matters module, Engage provides the most holistic solution for collaborating with outside counsel on work, improving transparency, tracking performance and reducing spend.

### Engage outside counsel

RFPs, Scope management, billing guidelines and approval workflows.

### Manage spend

Invoice creation and batch invoicing, PDF and LEDES invoice formats accepted.

### Collaborate

Collaborate on external matters within LawVu with in-app messaging, share documents and track the status of outside work.

### More features ...

- When integrated with LawVu's Insights module, review outside counsel performance, actual vs predicted spend and report to C-levels and the board.
- Cloud-based platform with mobile app.
- Secure - ISO 27001, SOC 1 and SOC 2 accredited.

The screenshot displays the LawVu interface for managing outside counsel. The main content area shows the profile of Hamlin, Hamlin & McGill (HHM), including their logo, a biography, and contact details for Sydney and Melbourne offices. A 'Scope of work' overlay is visible, featuring a list of items and a green arrow button. The left sidebar contains navigation options: Overview, Invoices (All pending invoices (4)), Hamlin, Hamlin & McGill (selected), Overview, Matters, Invoicing, and Pending Invoices. Below the sidebar, there are user avatars for Blake Dawson, Clayton Utz, and Herbert Smith Freehills. On the right, there is a 'Quick links' section with icons for Matters, Reports, and Pending Invoices, and a 'Terms' section with a link to Standard terms 2020.docx. A vertical navigation bar on the far right includes icons for a building, a person, a handshake, and another person, connected by a line.
